Hey Dudes

Here it is issue #2 of the CAT. Thanks to one of the hottest mags around, Transworld, I have been recieving large sums of letters, from San Diego to Wilmington.

A lot has happened since the last issue. Mark Duong has a hot ramp 20ft. wide that has been condemned by the City, thanks to some grumpy neighbors. David Dismukes is in the process of rebuilding his ramp. It will be 24ft. wide and it will be hot. There is a new ramp in Louisburg 28ft. wide and it is hot too. M.E.S.S. #5 ripped. The second city ramp in Virginia Beach with still two more to build by this summer. Plans for a Pro-Am at Mt. Trashmore are confirmed for June. You can see it all right here in this issue of the raddest rag in Raleigh **RAD CAT.**

Well I am finished at last,

better next time. I know alot of
